### **LEADING FEARLESSLY IN A MILLENNIAL AND AI-DOMINATED WORLD**

***As millennials begin dominating the workforce, and AI begins dominating decision-making, can leaders continue leading with a "leadership-as-usual" mindset?***

**Absolutely not.** Leadership is a highly context-bound activity, so leadership will have to adapt and morph in response to these two different - but highly related - challenges. **Soulful Leadership™**, that emphasizes leading with one's humanity, that brings cause, compassion, and human-centric thinking to the forefront will be in ever-increasing demand.

**This future-looking, provocative, and insightful keynote is designed to help current and future leaders prepare for the emerging Millennials and AI-dominated world. Like a lighthouse, the keynote's goal is to help guide current and future leaders re-imagine leadership's purpose, and rethink its outcomes so they can lead brilliantly and fearlessly with unwavering clarity.**

**This prescient keynote is ideal for:**

- Current leaders and culture makers
- Future leaders, department heads, and other managers involved in shaping and upholding organization culture
- HR and Talent Management professionals

**Three key takeaways for Monday-morning action:**

- The why and how of integrating hard and soft leadership skills
- Core strategies for morphing and adapting leadership journeys to lead effectively in a Millennial and AI world
- The importance of perennially reviewing and reinventing the organization's mission, purpose, and actions

This keynote can be customized for audiences interested in only Millennials, or only AI.

*Additionally, for deeper learning, the essence and meaning of this keynote can also be delivered through training and coaching programs, and through facilitated workshops.*
